APM Plast & AR Polymers

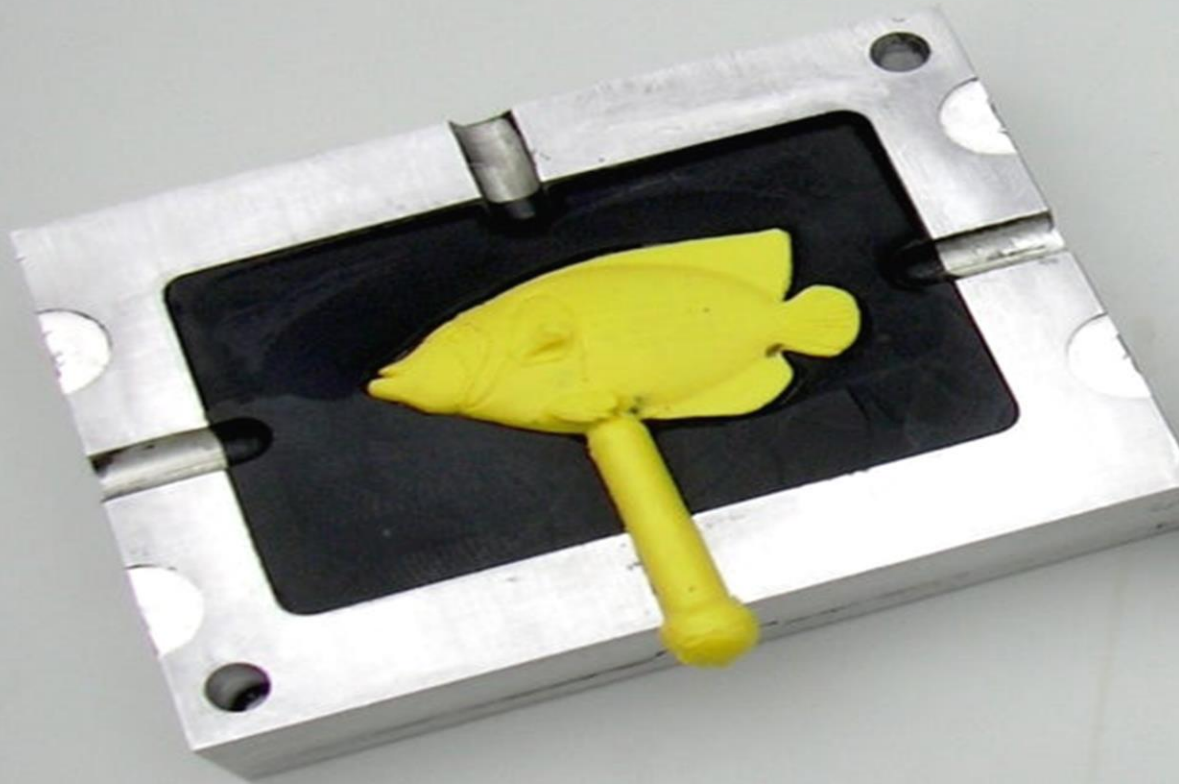

MOULDING YOUR VISION

# Our Mission

Becoming the best version of ourselves.

APM Plast is committed to quality product which is based on belief that the best possible products should be provided to needy customers without discriminations. Our ultimate objective is to provide each and every customer a “a zero defect product”.

# Plastic Moulding

APM Plast is reputed and highly conscious manufacturer of plastic molded components from last 29 years.

A person wearing an orange safety suit and white gloves is pouring a thick, blue liquid from a yellow bowl onto a metal mold. The mold is a rectangular block with a grid pattern. The liquid is being poured into a central cavity of the mold. In the foreground, there is a white block with several orange circular patterns on it. The background is a blurred industrial setting.

# Polyurethane Casting and Coating

AR Polymers is a sister concern of APM Plast expert in Polyurethane casting and coating from last 15 years.

# Epoxy Casting

APM Plast Unit -2 is specialized manufacturers of tailor-made epoxy resin moulded components and has been the supplier for epoxy bushing & Insulators meeting the most diverse needs of a global market.

# Competencies

Plastic, Polyurethane and Epoxy Components are customizable as per Requirement.

## Plastic Moulding

- Horizontal and Vertical Moulding Machines available for Plastic Injection Moulding.
- We are manufacture products starting from less than 1 gram to 450 grams.

## Polyurethane

- Automatic Meter Mixing and Dispensing Machine available for Polyurethane Casting.
- We are the suppliers for Polyurethane coating for vacuum interrupter.

## Epoxy Components

- Automatic Pressure Gelation Machine is available for Epoxy Casting.
- Fully automatic Epoxy mixer available for mixing of raw materials (Capacity 50 kg).
- Automatic Gravity Casting Epoxy Machine is available for Epoxy components.
